Accommodations in Wayground

WAYGROUND
formerly Quizizz

Session overview

1. How Wayground supports students with IEPs, 504s, and diverse learning needs
2. How to create workflows that keep you teaching instead of troubleshooting compliance paperwork
3. How to set accommodations once and apply them automatically so no student falls through the cracks
4. Accommodations are free through October & New Accommodations Pilot for Case Managers!

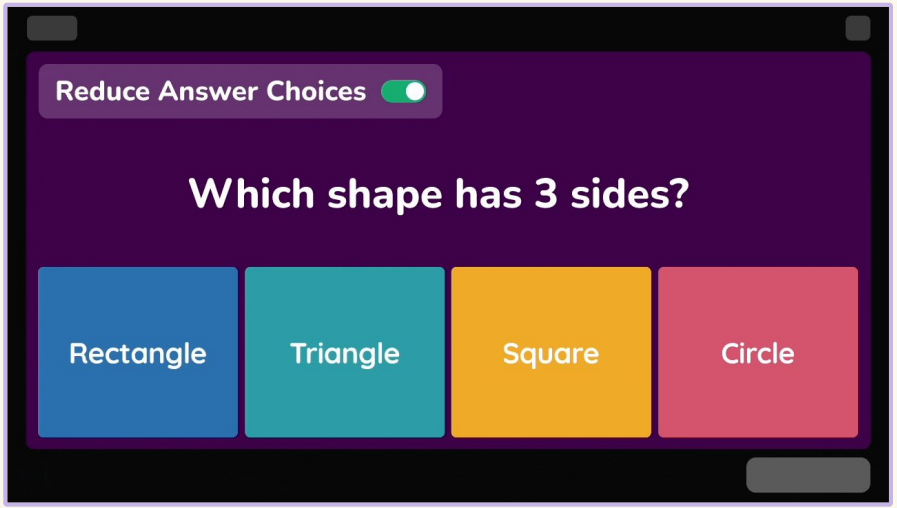
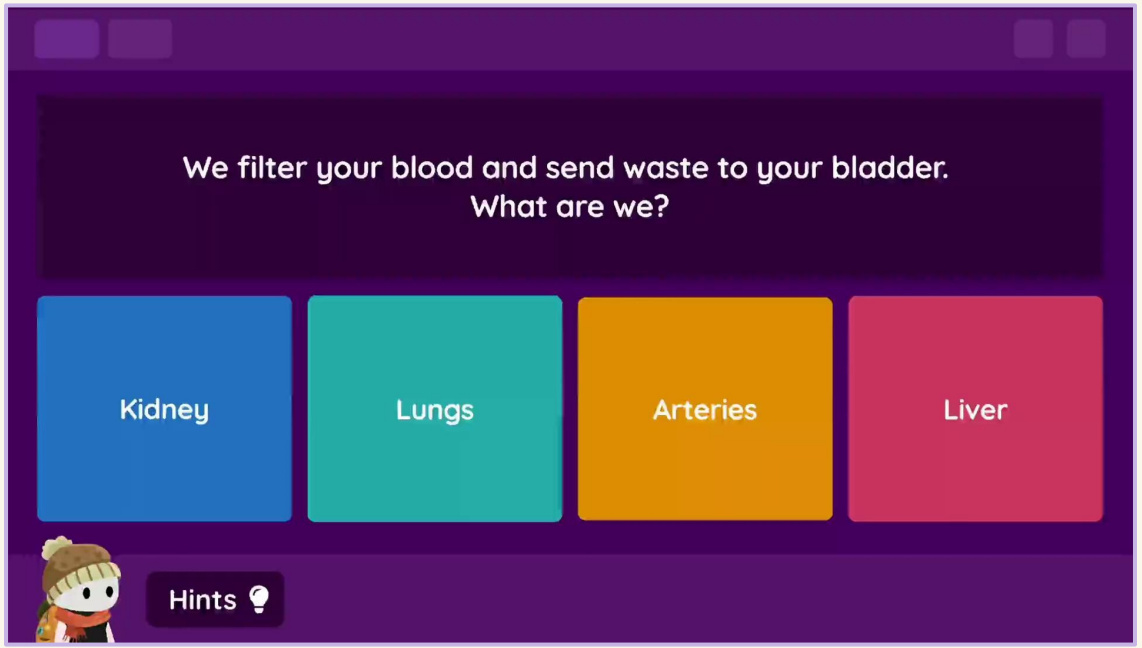
- Student attempts
- Extended Deadline



AI Hints

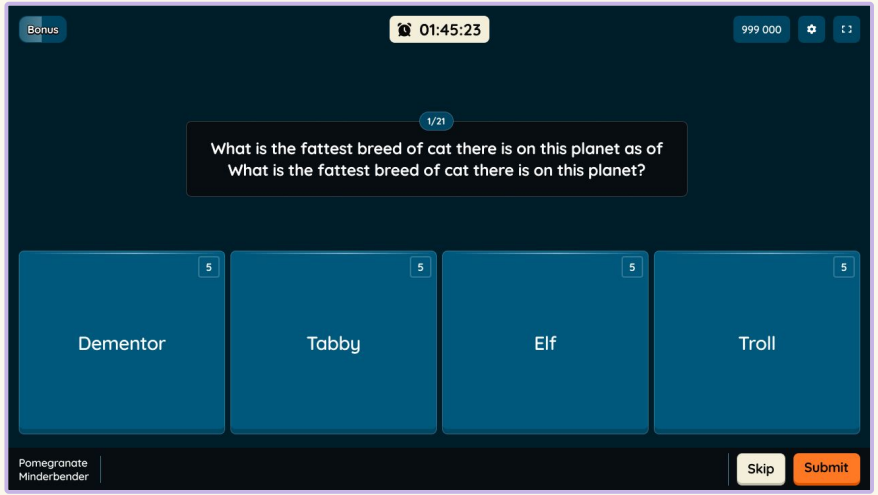
Optional hints as an accommodation for students that need additional scaffolding

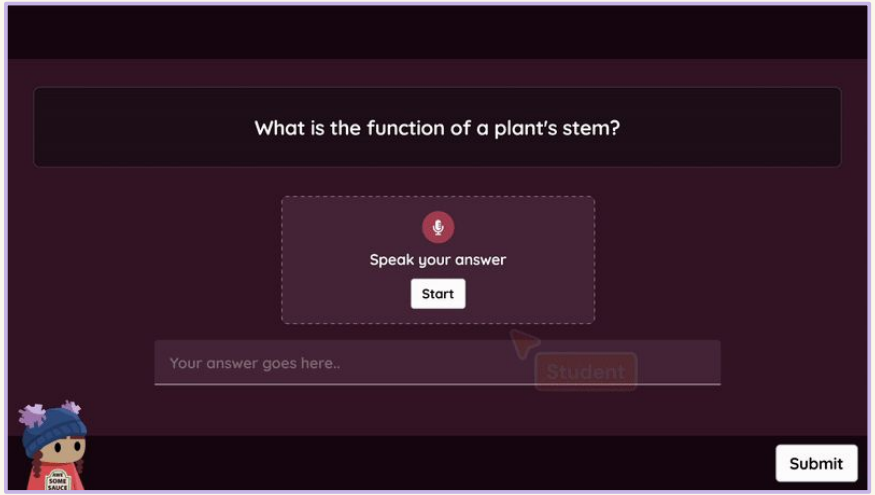
- AI powered structured guidance, without revealing the answer
- Can be enabled for specific students, through the Accommodations panel



Learning environment accommodations

- Don’t show leaderboard
- Turn off sound effects
- No visual clutter: high contrast theme – dark mode, light mode
- Speech to Text

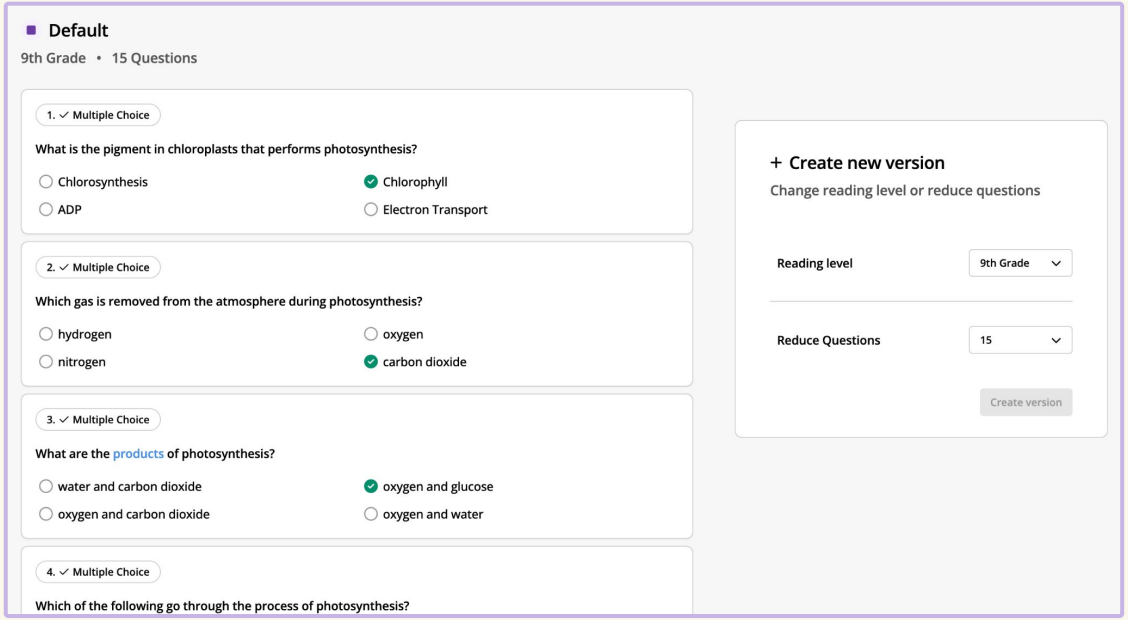




Differentiated versions

Use the AI magic to automatically create ***differentiated versions*** – adjusting reading levels of the questions – for any of your Science, Math, & ELA resources

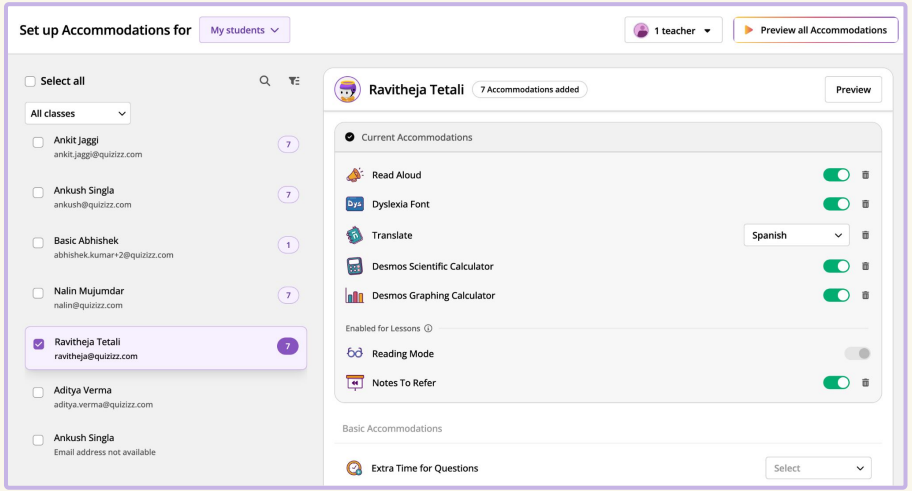
Subjects	Science Math ELA

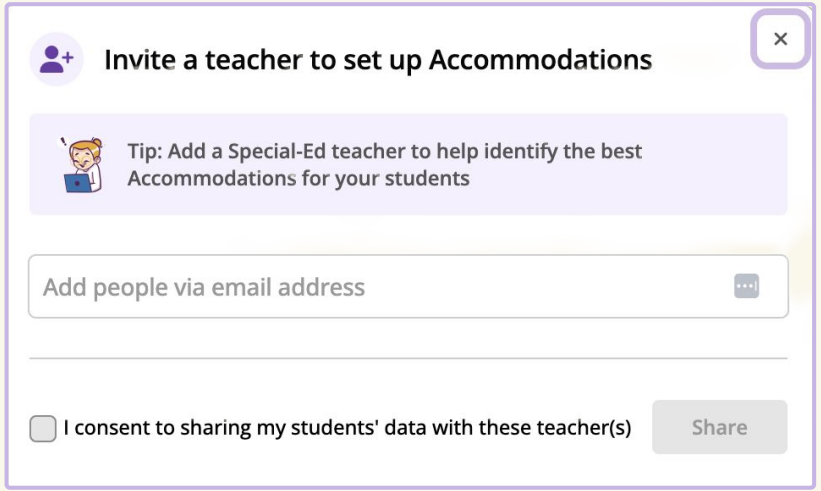


Set up Accommodations

One integrated experience for you to set up Accommodations for all your students, and for different kinds of classroom activities.

You can loop-in your co-teachers / SPED teachers too, to help with the set up.





Centralized Accommodations

- **Step 1: Onboard Your Case Managers**
  - Provide a list with the name, email, and school for each case manager. This is a one-time setup to grant them access.
- **Step 2: Assign Accommodations**
  - A case manager selects a student and a class(teacher), then adds the necessary accommodations from a central dashboard.
- **Step 3: Sync Across Classes**
  - With a single click, they can apply that same accommodation to any of the student's other classes(teachers).
- **Step 3: Support is Live**
  - The accommodation is now automatically active on all activities (Assessment, Lesson, Video, Passage, Flashcard) hosted by those teachers. No further action is needed from anyone.

Apply accommodations

Sync changes across teachers

Thank You!

We love ***learning*** with you!
